

ALTERNATIVE LIFESTYLE YACHT OR CRUISE SHIP PRIVATE CHARTERS

Controversial as it may seem for some, we beg to differ. Therefore, along with embracing today's various open lifestyle choices, since 1998 we've taken advantage of this opportunity and have catered to various hedonistic mercenary groups such as *gays/lesbians*, *nudists/naturalists* and *cougars & cubs* (older women seeking younger men) – amongst others.

We focus on private (entire) yacht charters (for 25 to 55 and 90 to 110 passengers), as well as (entire) cruise ship charters (350 to 1200 or more passengers) sailing mainly the Eastern Mediterranean waters of Greece, Croatia, Montenegro & Turkey) with usual embarkation/disembarkation in Piraeus (Greece).

Having the full yacht or ship to yourselves grants unprecedented freedom on board so you can sunbath nude, not have to worry about kids running around and have the peace of mind that everyone on board is part of the same “tribe” so to speak. Few other similar cruise arrangements – especially with intimate yachts, can offer you the class, service and comfort than an **EastMed Yachting** bespoke & exclusive charter.

We possess tremendous experience and work with alternative lifestyle associations/clubs, as well as with the travel/tourism industry (agency/broker fee protected).
